B3.2 Capacity of participants and consortium as a whole

- **Describe the consortium.** How does it match the project's objectives, and bring together the necessary disciplinary and inter-disciplinary knowledge. Show how this includes expertise in social sciences and humanities, open science practices, and gender aspects of R&I, as appropriate. Include in the description affiliated entities and associated partners, if any.
- Show how the partners will have **access to critical infrastructure** needed to carry out the project activities.
- Describe how the members **complement one another** (and cover the value chain, where appropriate)
- In what way does each of them contribute to the project? Show that **each has a valid role**, and adequate resources in the project to fulfil that role.

B3.2 Capacity of participants and consortium as a whole (2)

- If applicable, describe the **industrial/commercial involvement in the project to ensure exploitation of the results** and explain why this is consistent with and will help to achieve the specific measures which are proposed for exploitation of the results of the project (see section 2.2).
- **Other countries and international organisations:** If one or more of the participants requesting EU funding is based in a country or is an international organisation that is not automatically eligible for such funding (entities from Member States of the EU, from Associated Countries and from one of the countries in the exhaustive list included in the Work Programme General Annexes B are automatically eligible for EU funding), explain why the participation of the entity in question is essential to successfully carry out the project.

GROUP WORK

- Outline a structure of work-packages (WPs), related to the call you are interested in /or to the call discussed in the proposal writing camp. Prepare drafts of the work-packages.
- Work in small groups
- Establish the WP draft with
 - WP number & title,
 - objectives,
 - contents / description of work (core part of WP), tasks
 - partners,
 - timing,
 - deliverables.
- Presentation of draft work-packages & analysis in the group

HOMework

- Continue elaborating the Work-Package (WP) draft/s until the next session on Wednesday.
- Focus on refining WP drafts of
 - **objectives** ,
 - **task descriptions**: contents / description of work, broken down into several tasks (e.g. 4-5 per WP, depending on complexity of a project). This is the core part of a WP, and needs to be detailed.
 - **deliverables** (e.g. specify one per task).
- You may coordinate and do the work jointly with colleagues, who also participate in the Proposal writing Camp.
- Send the drafts of your WP/task descriptions per e-mail on Tuesday afternoon before the next session to the trainers. Certain colleagues will be asked to present briefly the result at the feedback session (Wednesday morning).
- **Follow the instructions in the application form. See chapter 3 Quality and efficiency of the implementation as of page 32 standard application form:**
